Location

Meeting Room 471
Level 4, Global Change Institute
Building 20, Staff House Road
St Lucia Qld 4072

When approaching Chancellors Place via Carmody Road, take the Upland Road exit at the roundabout. Continue along Upland Road and take the first left – this is Sir William Macgregor Drive. Once on Sir William Macgregor Drive, take the next left and turn into College Road. Staff House Road is the 3rd left turn before the UQ Lakes. The Centre for Policy Futures is located in the Global Change Institute (Building 20), which is located at the top of the Cul de sac on Staff House Road. A detailed map can be found at <http://www.uq.edu.au/maps/pdf/StLuciaMap.pdf>

Trade negotiations between Australia and the European Union are underway.

This EU funded Erasmus+ Jean Monnet Project aims to help Australian policy makers, industry and civil society understand European Union trade policy.

The training will include:

- an accessible explanation of how the EU works and EU trade policymaking;
- a panel discussion on issues and challenges for the proposed Free Trade Agreement;
- details on key current issues such as Geographic Indications and Agricultural Trade; and
- information on how to find out more.

This workshop is designed to support stakeholders from different organisations and sectors who may have little or no familiarity with the EU.

The ANU Centre for European Studies and the Centre for Policy Futures gratefully acknowledges the support of the European Commission in providing this training in Brisbane.

ANU CENTRE FOR EUROPEAN STUDIES

ANU College of
Arts & Social Sciences

The Centre for Policy Futures was established in August 2017 to provide a forum for The University of Queensland's (UQ) researchers to inform policy debate and shape public policy by connecting academic research with policy and program development. Through robust, rigorous and timely research and sustained policy engagement, the Centre aims to enhance the University's position as a key source of ideas and insights on the policy priorities that matter to Australia and the Asia-Pacific region.

The ANU Centre for European Studies (ANUCES) is the oldest research centre in Australia focused on the study of Europe and the European Union. It is an ANU-wide platform for research and collaboration with Europe, with strong links to government and industry. ANUCES focuses the talents of hundreds of researchers, teachers and students on a single site, and proudly promotes interdisciplinary dialogue. It delivers research, education and outreach with the support of the Erasmus+ Programme of the European Union.
